Dear Mr. Walker,

We are delighted to welcome you to the Garden Conservancy Open Days Program. You join 449 gardeners nationwide who will generously share their garden with the public. Thank you!

As you may know, the Garden Conservancy is the nation's only nonprofit organization dedicated to the preservation of America's exceptional gardens for public education and enjoyment. Through Open Days, we are working to develop advocates for garden preservation in the United States, and to recruit additional membership support for the Conservancy.

We are pleased to extend to you a one-year, complimentary membership in the Conservancy at the "Family" level. This level of membership includes a subscription to our quarterly newsletter, complimentary admission to selected preservation projects of the Conservancy, and invitations to special events and programs sponsored by the Conservancy. We hope you will enjoy becoming acquainted with us through these benefits and our member communications. In the meantime, a brochure describing the Conservancy's programs, services and membership benefits is enclosed.

The success of the Garden Conservancy Open Days Program is due to the extraordinary commitment and enthusiasm of our many volunteer garden hosts, and we truly appreciate your interest in helping us further garden appreciation in America.

Sincerely yours,

Antonia F. Adezio
President

P.S. If you have friends who would like to learn about the Garden Conservancy, please call Barbara Lynch, our Membership Coordinator (845-265-2029), who will be pleased to provide the appropriate materials.
